

easyFan

Technical specifications

Heat recovery efficiency	up to 90%			
	Level 1	Level 2	Level 3	Level 4
Airflow in Eco-Mode/Ventilation ¹⁾ [m ³ /h]	16	22	30	43
Sound pressure level [dB(A)]	14	20	32	35
Power consumption ²⁾ [W]	0,9	1,1	1,6	2,8
Input voltage [V]	12 DC SELV			
Type of protection	IP 22			
Software class	A			
Specific power consumption ²⁾ [W/m ³ /h]	> 0,12			
Sound level difference D _{n,w} [dB]	40 / 44 (with optional sound insulation set)			
Air intake	free of aggressive gases, dust and oil			
Permissible operating temperatures [°C]	-20 ... 60			
Diameter of the core hole [mm]	162			
Minimum wall thickness ³⁾ [mm]	280			
Optimal wall thickness [mm]	> 315			
Size of inside cover [mm]	190 x 214 x 40 (WxHxD)			
Size of outside cover [mm]	197 x 205 x 46 (WxHxD)			
Weight [kg]	4.6			
Energy efficiency class acc. REG 1254/2014				
Conformity				

¹⁾ when operated in pairs

²⁾ without power supply

³⁾ with a metal outside cover
